
LARGE varies by school...it could mean 70 students or 500 students. It's important to know what the institution means by "large."

Small vs Large Lectures

Similarities	Differences
Number of exams, quizzes, HW, etc Your Lecture style Attentive Student Behavior	Course Coordination Grading! email vs office visits paper vs digital content Student Participation

Some Methods to Try:

- (1) Delivery Methods: Chalkboard, Beamer/PowerPoint Slides, Document Camera
- (2) Student Response Systems: Clickers, Notecards handed in, Colored Paper, Poll Everywhere
- (3) Course Website/Learning Management System: How much do you upload?
- (4) Voice Projection: Microphone or no Microphone?

Suggestion: Try these methods for yourself in your actual classroom before class starts!

Suggestion: Ask someone to sub their large lecture! If they offer to observe and comment, take them up on the offer!
